

THE JOY OF CAMP CONTINUES  
An update on current health concerns

The Coronavirus COVID-19 is a growing source of concern for all people. As we approach our busy camping season, Tall Oaks wanted to share our plan as well as tips for preventing the spread of all infectious diseases.

We are closely monitoring the COVID-19 situation and intend to be prepared while promoting calm vigilance. We are following updates from the CDC, The American Camp Association (ACA) and the Association of Camp Nursing.

We will share updates when new information or guidelines need to be communicated.

Our plans include:

Providing increased hygiene reminders for guests to our site including hand washing before and after meals and covering noses and mouths when sneezing

Instituting sanitation measures utilizing appropriate virus destroying germicides and detergents in all cleaning procedures

Here is some additional, helpful information about the flu from the ACA and the Association of Camp Nursing and here is the CDC's helpful webpage. [https://www.acacamps.org/resource-library/coronavirus-information-camps?utm\\_source=Informz&utm\\_medium=email&utm\\_campaign=ACANow&utm\\_term=mar-3&zs=8Qlpa&zl=fgR02](https://www.acacamps.org/resource-library/coronavirus-information-camps?utm_source=Informz&utm_medium=email&utm_campaign=ACANow&utm_term=mar-3&zs=8Qlpa&zl=fgR02)

We urge all families to continue the practice of maintaining healthy behaviors necessary during any cold and flu season. If a person is running a fever and/or exhibiting flu type symptoms, it is recommended they not participate in an event.
